

## Intensifier Upgrades to GEN 3

<p><b>Purpose:</b></p>	<p>The intensifier produces the high-pressure water within your intensifier pump. Over time, components begin to fatigue and require a rebuild. The GEN3 Intensifier is Jet Edge’s 3<sup>rd</sup> generation intensifier technology and has been used on <i>new</i> pump builds since 2016 and provides the longest life cycle for your components. The intensifiers detailed below, will no longer have certain service parts available and will require a GEN3 Intensifier Upgrade Kit. All required parts and installation instructions will be provided with shipment.</p> 
<p><b>Systems:</b></p>	<p>Intensifier pumps that use the Intensifier part numbers listed in the GEN3 Intensifier Upgrade Kit Reference Table below.</p>
<p><b>Details:</b></p>	<p>The proper GEN3 Intensifier Kit is determined from the serial number plate of your Intensifier Pump indicating Pump Model. See the attached *GEN3 Intensifier Upgrade Kit Reference Table to determine which kit is correct for your pump. Each kit includes a fully assembled GEN3 Intensifier(s) and all components required to attach it to your Intensifier Pump. To view the component’s list for each intensifier, visit our e-Commerce store and enter the Upgrade Kit Number into the search field. A full schematic with service procedures will be available for viewing.</p> <p>Make sure to Visit our Resource Center for helpful <u>Maintenance Videos</u> including:</p> <ul style="list-style-type: none"> <li>• Intensifier G3R (Round end caps) Seal Change <a href="https://pages.jetedgewaterjets.com/generation-three-intensifier-seal-change-video">https://pages.jetedgewaterjets.com/generation-three-intensifier-seal-change-video</a></li> <li>• Intensifier Check Valve Service <a href="https://pages.jetedgewaterjets.com/intensifier-check-valve-service-maintenance-training-video">https://pages.jetedgewaterjets.com/intensifier-check-valve-service-maintenance-training-video</a></li> <li>• Intensifier G3S (Square end caps) Seal Change <a href="https://pages.jetedgewaterjets.com/intensifier-g3s-seal-change">https://pages.jetedgewaterjets.com/intensifier-g3s-seal-change</a></li> </ul>

### Intensifier Upgrades to GEN 3

<b>Benefit:</b>	The GEN 3 intensifier provides longer component life and is more efficient to service. The upgrade will add years to the life of your intensifier pump.
<b>Order Now:</b>	Call 1-800-JET-EDGE and ask for Parts Sales to learn more about this Technical Bulletin or email <a href="mailto:parts@jetedge.com">parts@jetedge.com</a> with your questions. Visit our e-Commerce store to view parts lists, schematics, installation instructions and to order your upgrade kit online. You must be a registered Jet Edge Business Partner to access the site.
